SOUTHLAND FOLK ASK FOR SPECIAL BANQUET TABLE

Angelenos Will Be Seated Together at Pan-Pacific Banquet Monday Evening

Southern California has asked for a table for 20 guests at the Pan-Pacific dinner in the games hall of the Y. M. C. A. Monday evening, when the Pan-Pacific pageant films will be shown.

This Southern California table is the nucleus of a resident Los Angeles colony to urge the Pan-Pacific Club to get behind them in giving the steamship Great Northern a royal welcome on her first arrival this fall, and the Pan-Pacific Club has promised its cooperation.

There will be a "Tourist Table" in addition, and visitors in the city may reserve seats by phoning the Pan-Pacific Club rooms, 2989. The mahini and kamaaina tables are also elastic, and until the 400 mark is reached, which is the capacity of the games hall, all will be welcomed.

Australians, Canadians, Washingtonians, Chinese, Japanese, Koreans, Filipinos and Hawaiians will turn out in force and there will be some enthusiastic five-minute talks as to the part the different Pacific races will take in making a success of Pan-Pacific Day at the 1917 Mid-Pacific Carnival.

Tomorrow morning the activities of the Pan-Pacific workers begin. They will have the flags of all Pacific nations displayed at the wharf on the arrival of the steamer China and the 90 students from Peking Indemnity College, and three Pan-Pacific motor buses will also be in waiting to take the visiting students to Waikiki, the Pali, the Mid-Pacific Institute, and to the luncheon prepared for them by the local Chinese Students' Alliance. If time permits they will go to the afternoon Pan-Pacific reception at the H. Trent, is giving at Alewa Heights. This will be a truly Pan-Pacific gathering, for besides the 25 Japanese boy scouts who will attend, there will be the Hawaiian students of Kamehameha, the students of the Mid-Pacific Institute, the Koreans from Dr. Rhee's school, and perhaps the Chinese visitors from Peking, besides the local residents, who are cordially invited.

CLEVERLY MADE CLOTHES AT JEFFS

One of the remarkable things about one especial line of separate skirts and dresses carried by Jeffs Fashion Company is that they are designed only for women who are over-stout. Made by a clever New York tailor who makes no other kind of clothes.

A number of Chilean students left Santiago, Chili, to attend different universities in the United States.

DO THIS FIRST—YOU!

You know, and every physician knows, that when any sickness has passed, whether it be throat trouble, organic disturbances, contagious diseases, or even a severe cold, a relapse is feared, because sickness robs the system of Nature's resistance and leaves it subject to lingering germs. Drugs never build up a worn-out body—only food can do that, and the first thing to take after any sickness is the concentrated, blood-making oil-food in Scott's Emulsion, which feeds the tissues, benefits the blood and strengthens both lungs and throat. Physicians prescribe Scott's Emulsion after sickness. Nurses everywhere advocate it. Scott's is pure medicinal food, without alcohol or drugs.

SWIMMING CLUBS RECEIVE MEDALS AT RECEPTION

The biggest rally of the year at Palama Settlement was held Thursday night at the gymnasium when the boys' and girls' clubs united to entertain the swimming club and in celebrating the awarding of medals won at the recent swimming meet.

David L. Conkling awarded the medals and Mayor John Lane, A. L. Castle and Head Worker James A. Rath of the settlement spoke. The Kamehameha glee club played several selections and David Pali's orchestra furnished music for dancing.

Medals were given to the following: Pua Keoloma, David Carter, Leslie Lemon, Antone Danti, Ken Matusuguma, Matsu Matusuguma, A. B. Carter, Jr., Shigi Matusuguma, Kenneth Auld, Michael Subotine, Mitie Konowaloff, Clarence Lane, Bernicia K. Lane, Carey K. Lane and Lorrin Thurston, Jr.

The A. A. U. was represented by W. T. Rawlins, president, and John Soper, chairman of the registration committee.

During the dancing refreshments were served to the many friends and relatives who were present.

NOVEL SALE IS DRAWING CROWD AFTER BARGAINS

Honolulu people seldom get something for nothing, but from the way they poured into Benson & Smith's Thursday and are still coming today one would think something might be given away there, and if the various prices and propositions were inspected he would be almost sure of it.

For the popular druggists are conducting what is known as their jitney three-day sale, and if business picks up with the same acceleration this afternoon and Saturday as it has already possibly there will be nothing left for sale in the store when the doors are finally closed Saturday night.

If you want only one razor strop or a jug of face cream or bar of soap, little money will be saved, but if you would like two instead of one—and you may be sure you will when once you see the attractive offerings—then that is different. For once the first article is purchased the second costs scarcely anything—in fact only a nickel or "it," hence the name of the sale.

At times Thursday the doors became so crowded that purchasers could hardly get out once they had loaded their arms with parcels, and often those who had not yet been so fortunate to enter contented themselves for several minutes on the exterior, viewing in the windows the bargains soon to be theirs.

It is not the first "jit" sale here, but certainly one of the most successful.

MILLION DOLLARS IN WHEAT GOES UP IN SMOKE

VALLEJO, Cal.—Fire, sweeping an immense warehouse belonging to the Sperry Flour Company, in South Vallejo, destroyed a stock of wheat valued at \$1,000,000 and caused an estimated total loss of \$2,000,000. Fire tugs from Mare Island navy yard aided the fire department in protecting the remainder of the plant.

ANTIQUITY OF CLOCKS

Clocks are so old that it is difficult for man to count their age, but it is certain that clocks of some sort, with wheels and weights, were in use as long as eight or nine hundred years ago. Before that people had measured time by sun-dials or noon-dials, telling the hour by the shadows cast upon the flat dial. After a while hour glasses were invented, two round glass bulbs which were connected by a tube; people put sand in one of these bulbs and, when it had all trickled into the other bulb, they knew that a certain space of time had passed. There were also water-glasses. Pendulum clocks were first in use about the year 1650.

BOURBONS WILL BEGIN CAMPAIGN WITH 2 RALLIES

Central Committee Will Conduct Meetings in Fourth at 7:30 This Evening

Two Democratic primary precinct meetings are scheduled for tonight at 7:30 o'clock in the fourth district, under the direction of the territorial central committee, for the enlightenment of the voters in that portion of the city.

The meeting at Moiliili school house for the first, second and third precincts will be opened by squad A of the list of candidates which includes the following names:

Squad A
Delegate, Hon. L. L. McCandless; senators—J. A. Baker, E. K. Hanapi, E. K. Lilikalani.

Representatives, 4th District—R. K. Kaiwe, Jesse Uluhi, E. H. F. Wokler, J. W. Kelki.

Representatives, 5th District—J. K. Mokumala, D. Kai, F. C. Benevides, William E. Miles and D. M. Kupiheta.

At the same hour squad B will open the second meeting, which will include the voters, their friends and relatives in the sixth and seventh precincts. The opening speakers will include:

Squad B
Delegate—Hon. L. L. McCandless. Senators—H. N. Crabbe, C. P. Iaukea, M. C. Pacheco.

Representatives, 4th District—J. M. Bright, W. P. St. Clair, C. L. Almeida. Representatives, 5th District—Robert Ahuna, J. H. Keawehaku, E. J. Gay, J. Kalana and W. F. Mossman.

Representatives candidates from the 5th district will not be heard until Monday night, when meetings will be held at the Kalih pumping station, King street, and at Pauoa church, near the junction of Panoa road. All candidates of the fourth district, however, will speak at both of tonight's meetings.

Burned House Was Once Struck By Lightning

Lightning may never strike twice in the same place, according to a time-honored adage, but elements equally as hot are apparently not taboo—else the property of Jack Dillon, the E. J. Hardesty home—which was practically destroyed by fire in Kaimuki Thursday afternoon might still be standing.

The loss of the pretty bungalow on Ocean View drive and Reservoir avenue brought to the minds of many who have been in Honolulu for several years the time the same house was struck by lightning six or seven years ago and the following refusal of Mrs. Dillon to reside there after the crash.

Dillon scoffed at her decision but she was obstinate and won. No one was hurt at the time of the bolt from the sky and little damage was done, but Mrs. Dillon thereafter would not enter its doors. Whether her prediction then that the place was ill-fated has now been verified by the fire is a matter of most interesting conjecture on the streets today.

It is understood that Dillon had \$2300 insurance on the house, although he could not be located to corroborate this. There was \$1000 insurance on the Hardesty furnishings.

CAR LINE TO WAIKIKI TO BE DOUBLE TRACKED

Because every steel mill on the mainland is working to capacity, the steel rails necessary to double track Kalaheka avenue will not all be here for a year. Thursday, at a meeting of the directors of the Honolulu Rapid Transit & Land Company, it was voted to order the rails at once and every effort will be made to have them put as soon as possible. When they do arrive it will take only about six weeks to lay them, according to A. L. Castle, secretary.

The road construction work, however, will not be delayed, and as soon as the supervisors decide where the tracks are to go the concrete will be laid to the edge of the track and the intervening space filled with macadam, which can easily be torn up. The new rails will be of the 122-pound class, being much heavier than those now in use.

According to C. G. Ballentyne, the heavier rails are necessary because of the action of the salt water, and the joints will be welded, as is done on the mainland, to secure easier riding. The other important matter which came up at the meeting was the voting of the regular 2 per cent quarterly dividend, payable September 30.

COUNTY CLERK'S OFFICE WILL BE OPEN AT NIGHT

This evening the county clerk's office will remain open until 9 or 10 o'clock for the accommodation of voters who wish to register. It will also remain open all day Saturday and part of the evening and Monday and Tuesday nights of next week the office will not close until midnight.

For the past two days County Clerk David Kalaheka has been touring the fifth district to obtain registrations from the people who are unable to come to the city hall. Today he will go out again and believes that this trip will finish the work. To date he has registered 75 voters on the trip.

KAMEHAMEHA BODY TO MEET TRUSTEES OF BISHOP ESTATE

For the purpose of discussing the question of raising the standard of the school, according to President Harold Godfrey, the members of the Kamehameha Alumni Association will meet one week from next Monday night with the trustees of the Bishop Estate in the association clubhouse in Fort street.

Charles E. King, recently appointed by Circuit Judge Ashford as a trustee, over which appointment litigation is now pending in the supreme court, has been invited to be present.

The recently-emphasized policy of the trustees to admit students other than Hawaiians and part-Hawaiians to Kamehameha will not be discussed. "That has been done away with," President Godfrey declares. "President E. C. Webster of Kamehameha has told the association that he will admit only Hawaiians and part-Hawaiians as students."

GREEK PRINCE VISITS BRITISH ROYAL CASTLE

LONDON, Eng.—A recent issue of the court circular announces that Prince Andrew of Greece has arrived at Windsor castle.
